CREATIVE CABLES HAS SOMETHING FOR YOU

Create your Custom Lamp

Choose the components or personalize
one of our lamps or try one of our configurators.
It's all about getting the lamp the way YOU want it.

Illuminate Me

Do you need our assistance to bring light to your home?
Ask for a free consultation to our Creative-Cables architect,
who will help you find the perfect lighting solution for your
special place.

Systems

Do you want an original design solution for your space?
Our indoor and outdoor lighting systems meet everyone's
needs with custom and uniquely designed solutions.

Are you a designer?
Are you a lamp manufacturer?

Are you a designer?
Or dealing in the retail and lighting industry?
We have advantages and services dedicated
to B2B customers like you.

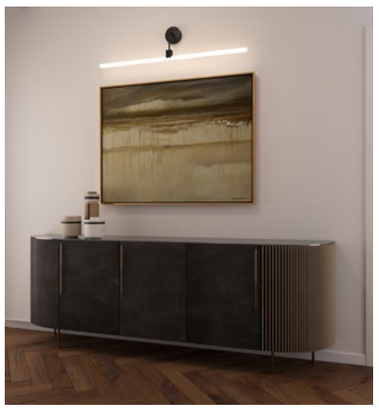
SYSTEMS

SYSTEMS

Creative-Cables systems are our lighting solutions designed to adapt to your needs, both in terms of style and interior you're working on.
We have solutions for your walls and ceilings, but also to decorate your outdoor spaces.
Choose the components that best suits to the mood of your design and to the color of the cable that gave you inspiration. Enhance your interior, create your custom solution, illuminate the room.

Creative-Cables systems are coherent lighting solutions designed to provide you with an answer that fits the style and functional needs you are working on. Our systems address both indoor and outdoor contexts as you simply have to lay the puzzle using the components at your disposal. As is the Creative-Cables trademark, you can of course customize, request different finishes and colours when working with our system solutions, to make sure that the system fits #YourLightStyle. Stay tuned as we develop and extend the ranges within our systems, even here the catalogue never sleeps!



The outdoor system by Creative-Cables

EIVA: the first do-it-yourself IP65 Outdoor lighting system.

Water has never been a natural environment for light. Until today.
Create your own water, rain and storm resistant lamp with guaranteed Creative-Cables quality.

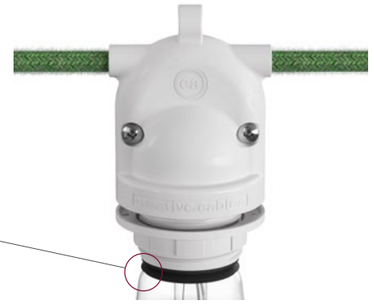
Patented Solution.
Made in Italy.

IP65
WATERPROOF

EIVA SYSTEM

IP65: WATER AND RAIN RESISTANT

The heart of EIVA is the world's first wired E27 IP65 lamp holder: thanks to the insulating gel inside and a watertight membrane on the bulb, this lamp holder withstands rain and storms in complete safety.



DESIGNED FOR OUTDOOR, PERFECT FOR INDOOR.

The EIVA lighting system is designed, engineered and patented by Creative-Cables and will allow you to illuminate outdoor spaces like gardens, patios and terraces but also as lighting solution for the bathroom, without having to worry about water splashes.

EIVA components

Configure your EIVA system by choosing the components that best suit your needs. IP65 single entry lamp holders can be purchased naked or with a soft touch silicone cover: perfect for single pendants or wall lamps.
The multiple entry IP65 components (Eiva 2 and Eiva T) allow to create solutions with several light sources, distributed over a wide range and connected by an EIVA cable. The IP55 soft-touch silicone ceiling rose and the IP44 plug will allow you to complete your lighting using a wall connection or a socket.

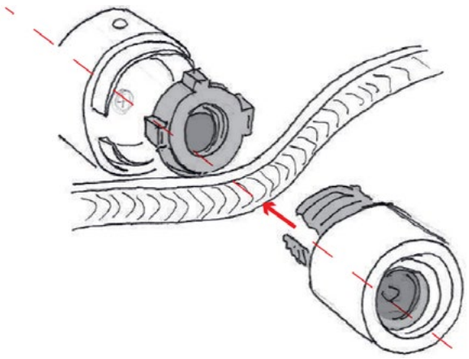
FILÈ SYSTEM

Decorate and light up your walls with the FILÈ SYSTEM.

Filè is the Creative-Cables system designed to create wonderful wall or ceiling lighting solutions! Rectangular section cables covered in magnificent colours, high-quality wooden components Made in Italy: with Filè you can build a customized and 100% Creative lighting solution!

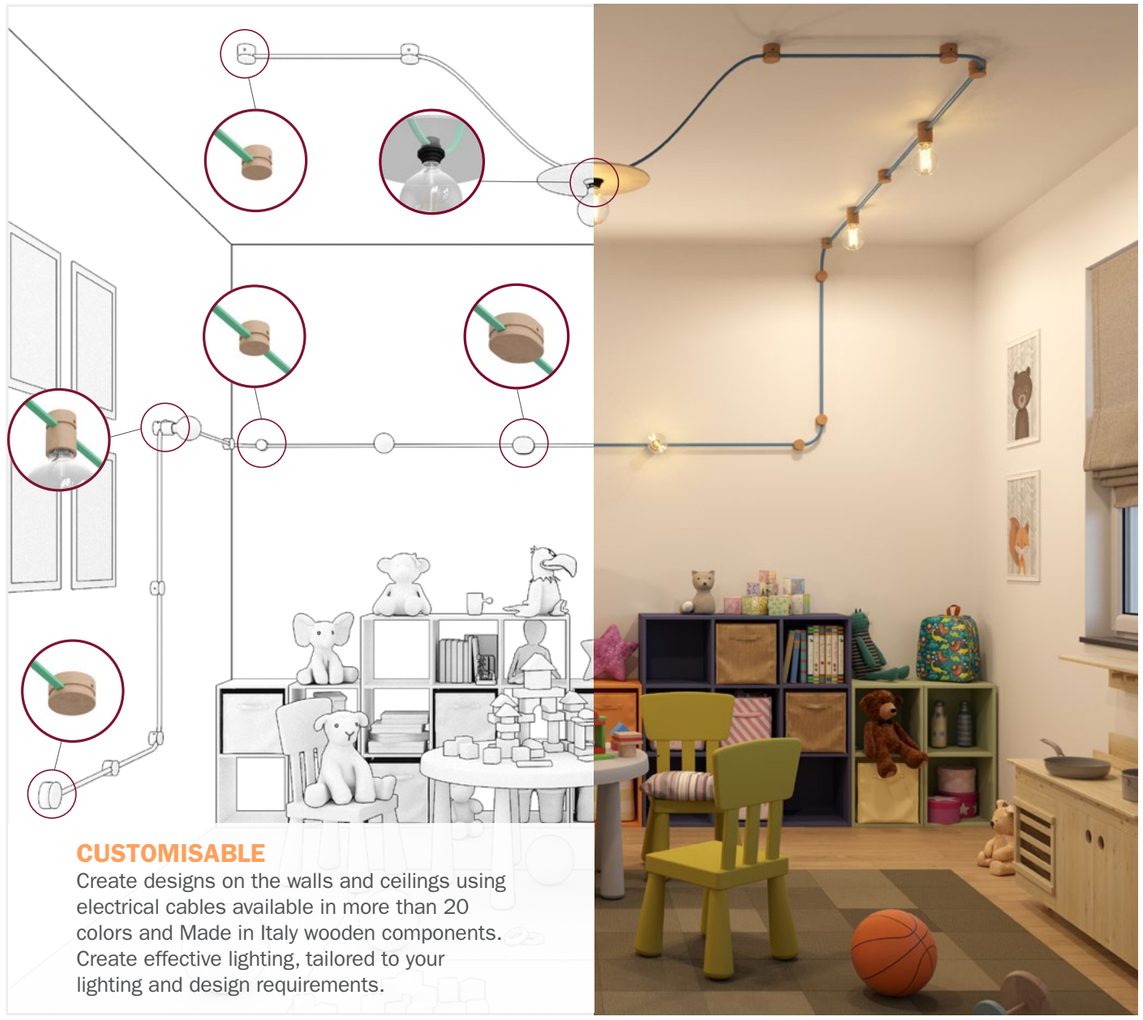
Made in Italy.

FILÉ SYSTEM



EASY

Create an impressive lighting installation in just a few steps. Filé lets you forget about the difficulty and effort of wiring up a lamp holder!



CUSTOMISABLE

Create designs on the walls and ceilings using electrical cables available in more than 20 colors and Made in Italy wooden components. Create effective lighting, tailored to your lighting and design requirements.

MOISTURE-PROTECTION

The rectangular section cable features an IP44 protection classification, meaning that you can also light up bathrooms and kitchens creatively using Filè!

IP44 WATERPROOF

Components

All components are wooden and 100% Italian made, you can paint , varnish or leave the wood natural to suit your needs and creative projects.

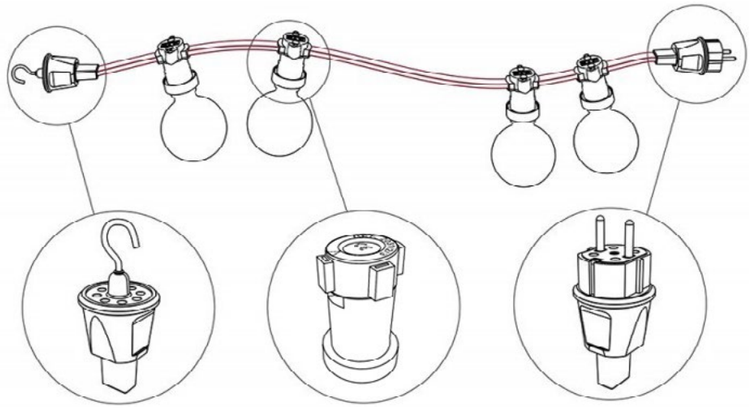
LUMET SYSTEM

Create a unique atmosphere with the LUMET SYSTEM.

Light up your outdoor spaces for a special evening with the colorful Creative-Cables string light systems.

READY-TO-USE LIGHTS

The Lumet System allows you to create outdoor lighting that is easy to install and dismantle. It is perfect for evenings spent outdoors with your friends, at home or on holiday!



TAILOR-MADE

The characteristics of the cable and lamp holders mean that you can configure Lumet easily according to your needs. If your requirements change, reconfiguring the system is just as simple!

MOISTURE-PROTECTION

The IP44 protection classification means that you can install the Lumet System string lights in your outdoor spaces, even during the most humid evenings, and quickly take them down before each downpour.

IP44 WATERPROOF

S14 SYSTEM

Create unique lighting solutions with S14 SYSTEM.

S14 is the Creative-Cables system that allows anyone to create spectacular lighting solutions using a piece of lighting history: tube bulbs.

Systems for linear S14d LED bulbs

S14 linear LED lamps are perfect for wall installation, for creating wall combinations or as bathroom and outdoor lamps.
Thanks to Creative-Cables' exclusive solutions, they can also be used as pendant lamps, increasing their possibilities of use and creating original and creative compositions.
Available lampholders are **esse14** and **Syntax®**.

IDEAL FOR

1 Bathroom lighting

2 Multiple compositions

3 Outdoor spaces

ESSE14: wall or ceiling lampholders

Curved, small and design-oriented, you can give shape to your creations without worrying about their taking up too much space. It does not require a ceiling rose and can be attached directly to the wall. An exclusive Creative-Cables creation, designed to resist humidity thanks to its IP44 certification when combined with 30 or 50 cm linear LED bulbs.

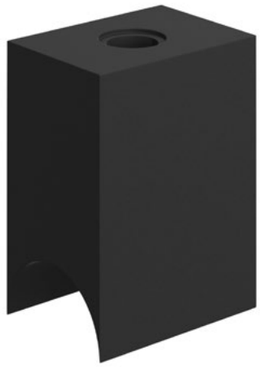
SYNTAX: lampholders for pendant lighting

The linear lamps with S14d socket are not restricted to basic wall or ceiling installation, but can also be presented in all their glory in suspension, or with a swivel joint, and may be combined in different compositions with never-before-seen scenographic effects, owing to the Syntax system.

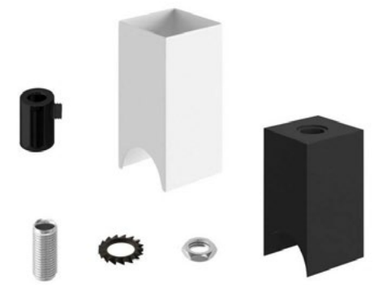


SYNTAX_S14D

SS14DTERP1NE

Syntax S14d cover and lamp holder kit

The kit includes a Syntax lamp holder with S14d fitting and a cover, an accessory that allows you to cover your lamp holder whilst hiding the cable clamp. This metal lamp holder cover works as a sheathing for the S14d lamp holder and is available in different finishes - choose the one that suits your style. The Gold finish is a perfect match to the golden LED linear bulbs, whereas the Silver finish suits the Smoky Grey linear bulbs, and yet again the white version is excellent combined with the opaline linear bulbs for a total white effect.



KBXS14DVBO

KBXS14D0TS

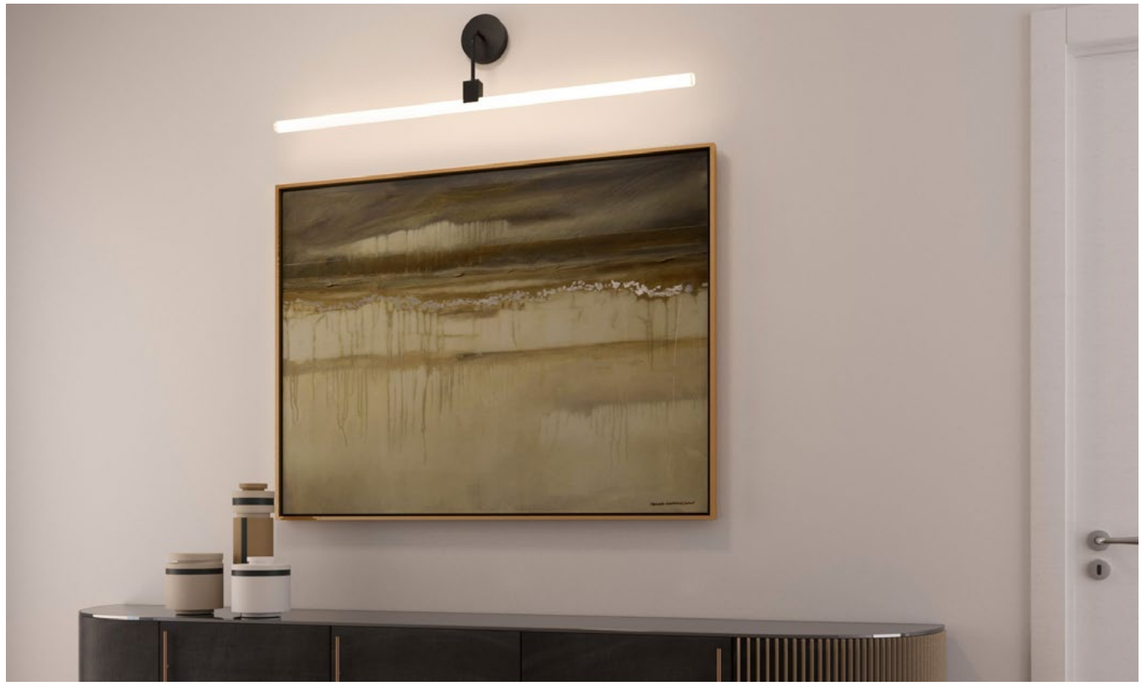
KBXS14DTIS

KBXS14DRAS

Bulbs

The S14d lamp holders can be matched with a wide range of linear bulbs. Transparent, gold, smoky grey and opal finishes are available in 3 different lengths: small, medium and large. All the bulbs are dimmable.

	300mm	500mm	1000mm
	SEG50182 8 W - 300 Lm	SEG50186 12 W - 440 Lm	SEG50192 13 W - 720 Lm
	SEG50183 8 W - 350 Lm	SEG50187 12 W - 500 Lm	SEG50194 13 W - 720 Lm
	SEG50184 8 W - 100 Lm	SEG50188 12 W - 240 Lm	SEG50195 13 W - 350 Lm
	SEG50181 8 W - 350 Lm	SEG50185 12 W - 560 Lm	SEG50190 13 W - 720 Lm



S14 lamps

The elegance and design of these lamps create a sophisticated atmosphere. The pendant version is ideal for minimal yet functional lighting along corridors or in large open spaces. Alternatively, wall lamps provide functional and decorative illumination, such as above a mirror or picture. S14 Lamps can be purchased with or without a bulb.

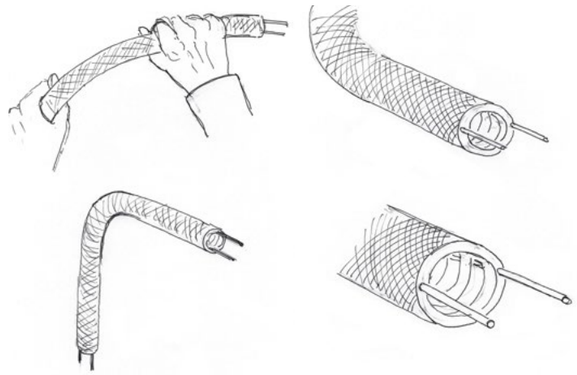
CREATIVE-TUBES SYSTEM

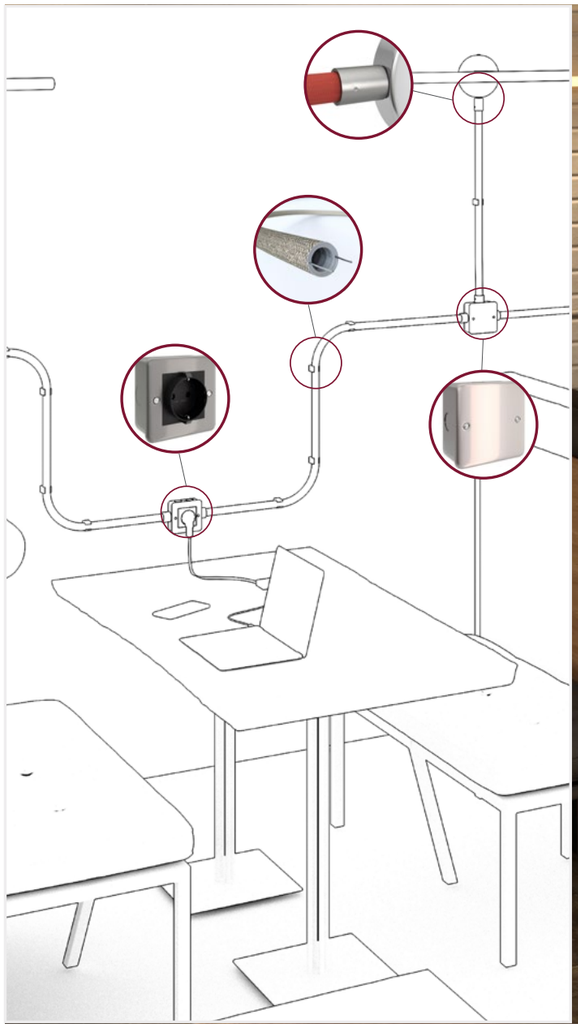
Create your own personalized, visible wiring installation with TUBES.

Tubes are the Creative-Cables system that combines the beauty of the fabric covering with the practicality of a true surface wall system.
The Tubes system eliminates the need for ugly plastic electrical conduits or rigid metal pipework.

CREATIVE-TUBES SYSTEM

FLEXIBLE
Creative-Tube combines the fabric-covered sheath with two metal filaments, allowing the conduit to maintain its shape when bent. It adapts to suit your needs.





TAILOR-MADE
Create a beautiful and functional bespoke visible system that takes into account your daily needs and the style of your rooms

CREATIVE AND SAFE

You have the freedom to exhibit your electrical system. Create a wall design that is a functional light source without sacrificing safety; the system adheres to the highest standards.

Creative-Tube 20mm

Specifications:

Their internal material complies with CEI-EN 61386-1 + EN 61386-22 Classification 3321.
Classification No: 3321
Crushing Resistance: >750N on 5cm at 20°C
Shock Resistance: (-15°C) after applying 2 kg mass hammer
Operating Temperature: -5°C to +60°C
Resistance to flame propagation: self-extinguishing VO
Dielectric strength: <2000V A 50Hz
Insulation resistance: >100 mega ohm
Diameter: 20mm
The tube is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 30 meters in length.

ROSE-ONE SYSTEM

Create unique multi-pendant lamps with ROSE-ONE ceiling roses.

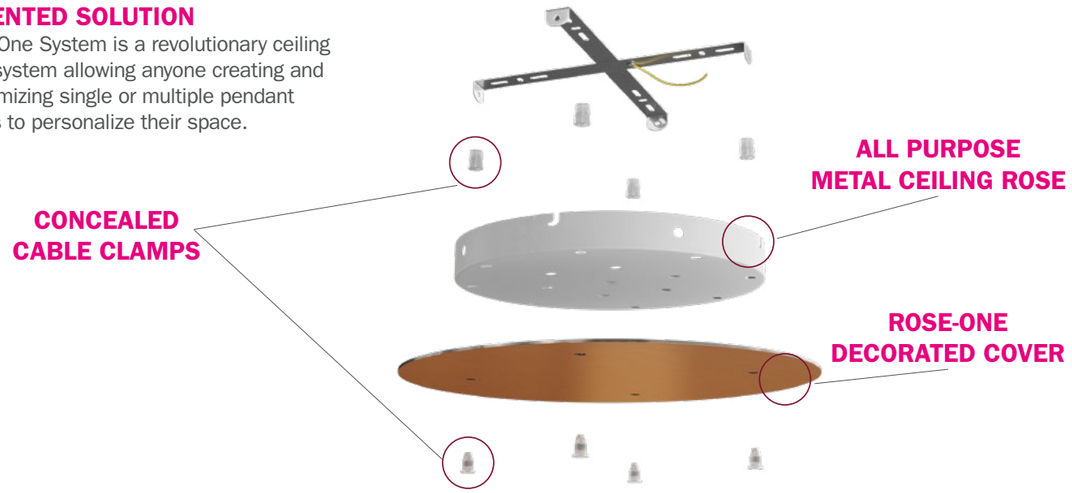
Rose-One System is a Creative-Cables exclusive solution allowing everyone to create wonderful multi-pendant lamps personalized on each one's needs.

Patented Solution.

ROSE-ONE SYSTEM

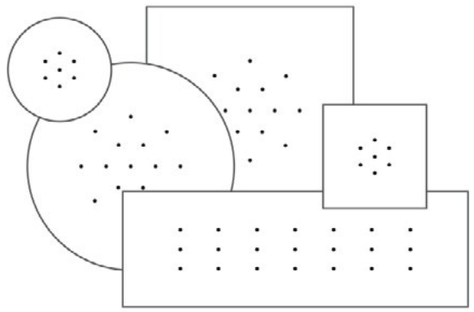
PATENTED SOLUTION

Rose-One System is a revolutionary ceiling rose system allowing anyone creating and customizing single or multiple pendant lamps to personalize their space.



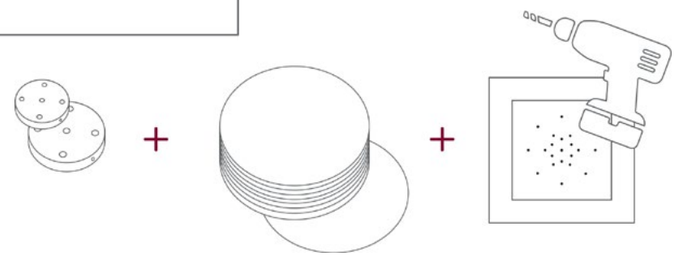
CUSTOMISABLE

Each Rose-One ceiling rose has a wide range of options you can choose from to create the solution that best fits your needs and taste. Size, shape, number of holes and decoration of the ceiling rose itself are the options you can choose for your customization.
Rose-One can be complemented with cables, lamp holders, light bulbs and lampshades: making each solution unique.



DIY

For our professionals not only do we offer ready to use kits but also provide the separate covers with or without holes and the possibility to make them themselves using the template.



Rose-One Kits

For all our customers who like to create and design, being able to choose your ceiling rose for single or multi pendant lights just got a whole lot easier. Rose-One system comes in a wide variety of colors and design options.
Look out for more options to come.

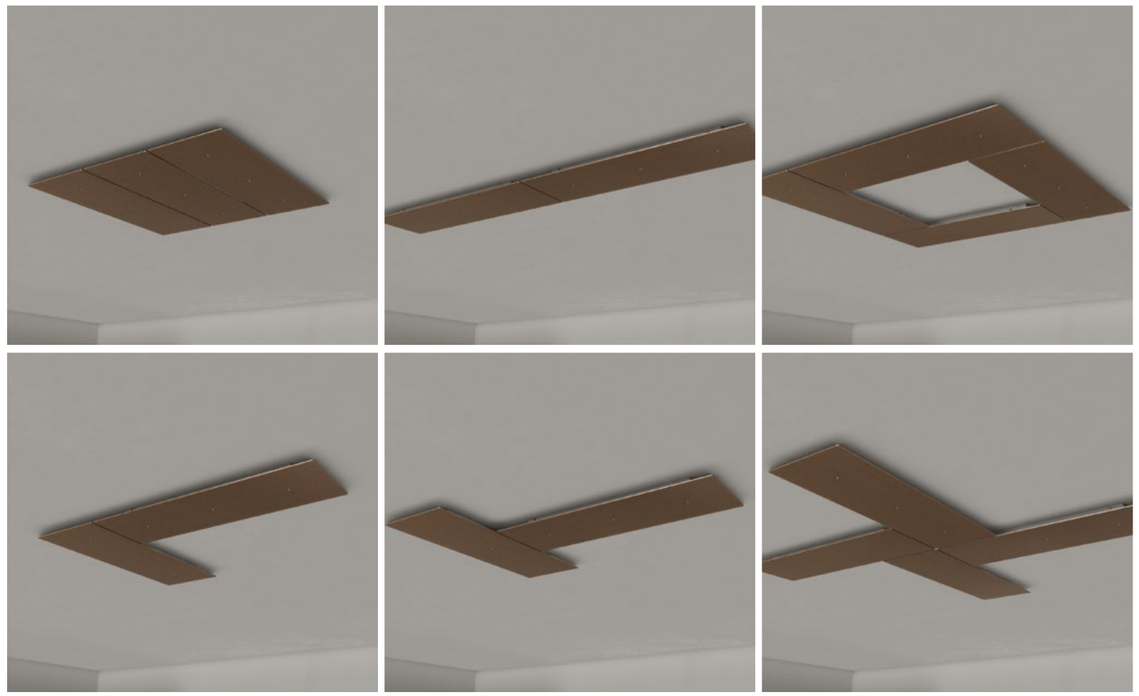
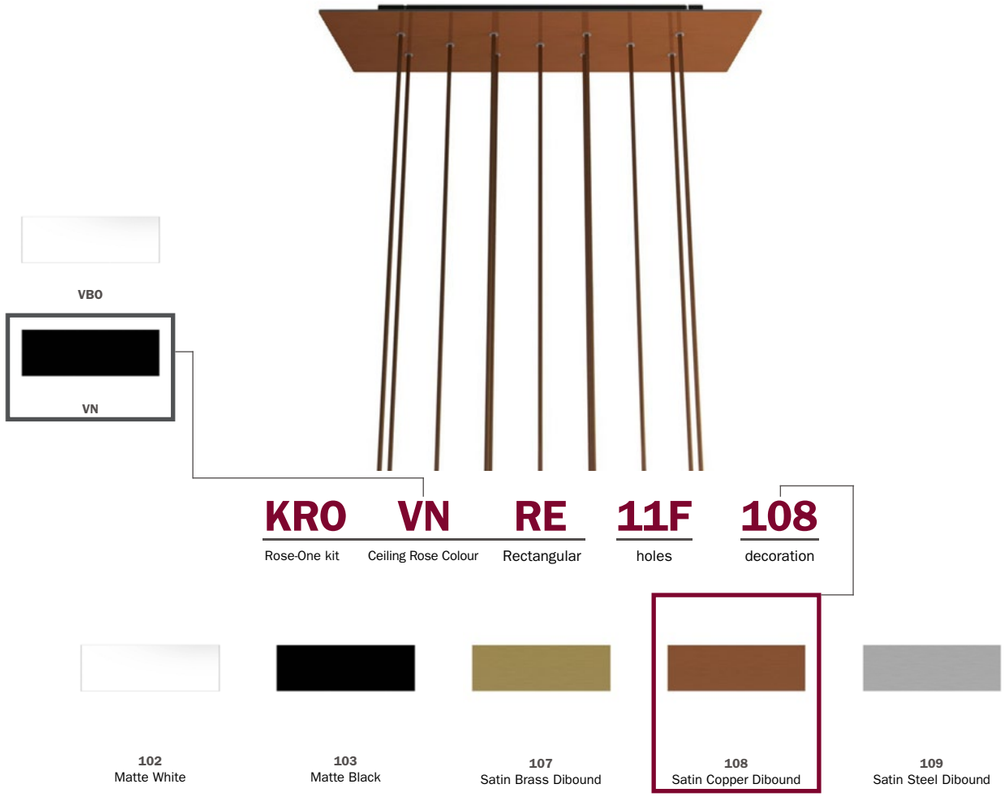
Here are some examples:



HOW TO COMPOSE THE PRODUCT CODE



WHAT YOU NEED TO BUILD YOUR ROSE-ONE CEILING ROSE

COVER

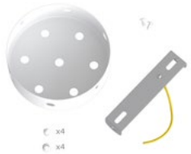
Choose the shape, the size and the decoration.
You can either buy it:

PRE-DRILLED

UNDRILLED

ALL-PURPOSE METAL CEILING ROSE

Depending on the cover you chose, you will need to choose the correct one from the 3 available metal ceiling roses: round small for smaller covers, round big for bigger covers or rectangular (either white or black) for rectangular covers.



CABLE CLAMPS

Add the transparent hidden cable clamps to your cart in order to complete your ceiling rose.

WARNING!

If you buy undrilled covers you will also need to buy a template inorder to ensure that you drill the holes correctly.

Pre-drilled covers

The Rose-One pre-drilled come in three different shapes: square, round and rectangular. And the squared and round versions are available in two different diameters, 200 and 400mm. Covers are pre-drilled with 1 to 15 holes depending on their dimension following different kind of punching schemes. Covers come in different designs and colors and are made in aluminum or dibond. Complete the Rose-One ceiling rose with specific accessories: a metal ceiling rose and cable clamps.

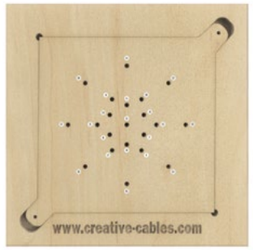
The Rose-One Template allows you to drill the un-drilled covers

Wooden templates to drill the covers yourself

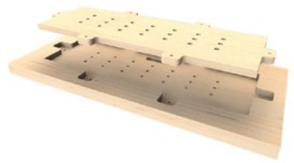
These wooden templates allow you to drill any round, square or rectangular cover for Rose-One in your store with a common drill. The holes are numbered to facilitate drilling: if you want, you can use our legend to reproduce the most classic drilling patterns.

You can drill the round and squared covers with this template:



KDIMA-ROSE-ONE

You can drill the rectangular covers with this template:



KDIMA-ROSE-ONE-RE

SPOSTALUCE SYSTEM

Take the light anywhere you want with SPOSTALUCE

Install ceiling and wall lights to create your own tailored lighting system, even if there is no connection to the electrical circuit.

Source: @Eutopiarch

SPOSTALUCE SYSTEM

ANYWHERE YOU WANT
It doesn't matter where the connection to the mains supply is located; all you need to do is connect the cables and then position Spostaluce anywhere on the wall.

CUSTOMISABLE
Create original and contemporary interior lighting designs on the walls and ceilings with the round and twisted electric cables and metal finishes of Spostaluce.

CHOOSE YOUR STYLE
Minimal, vintage or industrial: each of the metal finishes available lets you create your preferred home decor style.

Spostaluce Lamps

Ready to use with many different colours and fabric textile cables from Creative-Cables. Spostaluce are the light points that will allow you to take the light source wherever you want, no longer having the issue of where the connection is to your electrical circuit. Available in many versions and finishes, with Spostaluce it will be possible to create light installations both on the ceiling and on the wall.
Each Spostaluce lamp includes a 2x0,75mm textile cable 3 metres long.
You can buy them with the cable supplied in the versions designed by us or customize their colour and length according to your needs!

SMART HOME SYSTEM

Your Smart Light Style

What's a smart ceiling rose? The ideal solution for those who live in a smart home or for those who want to start taking their first steps in home automation making their home "intelligent". Have fun activating the chandelier with a simple voice command, turn on the lights of your home automatically at sunset, create custom scenes and atmospheres by inserting your lamp in a group of lights: make any wall or ceiling lamp in your home smart with Creative-Cables!

Compatible with Amazon Alexa and Google Home

All the Creative-Cables smart ceiling roses are equipped with an ON/OFF switch already wired and ready to be easily connected to your electrical system, they can be controlled through the Smart Life app or connected to a voice assistant (they are compatible with Amazon Alexa and Google Home) and help you create lighting groups for custom scenes and atmospheres.

Smart life

COMPONENTS

COMPONENTS

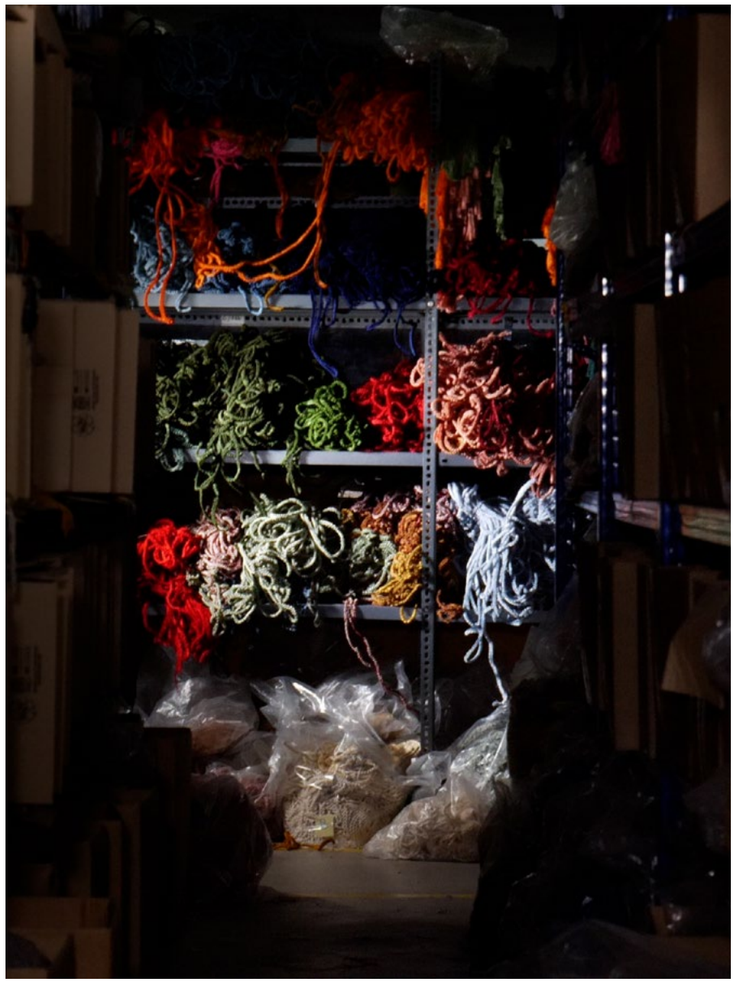
Thousands of components are available to turn any lighting idea into reality.
Cables, lampholders, rosettes, electrical accessories, extensions, decentralisers, wall fixings and decorative elements to create tailor-made lighting for anyone who wants it.

CABLES

Three generations
of textile excellence
put to the service
of producing
**the best
covered cable
in the world**

The **history of Creative-Cables** traces its roots back to the textile industry of the **Chieri** area in Piedmont, Italy, known for the renowned production of its “**textile trim shops**” since the early 1900s.

At that time, a fabric generically called “**mesh curtain**” was created with four intertwined threads and many holes, and was **produced with crochet machines** by the German company “Key”, the holder of the world patent.



During the Second World War,
Key was literally destroyed: but the resilience and drive of the people of Chieri, along with a pinch of luck and coincidence supported by a market demand did the rest to restore the trade.

It is **in this region** that we **manufacture our electrical fabric cables**, using the same technology underlying the textile trim production, leveraging a **pricless cultural heritage**.

LIGHTING CABLES

More than 150 colours, patterns, textures and surface effects for different uses, tastes or designs.
Choose among the offered styles (round, twisted, nautical, large section or flat) to select what best suits your lighting project: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles.
All of our lighting cables are IMQ-HAR certified, the highest quality standard in Europe.
Every single product is designed and Made in Italy.

Round silk-effect cables

Silk-effect cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring colour wherever needed.

Specifications:

H03VV-F 300/300VAC 2x0,75mm² or 3x0,75mm²
Flex Round IMQ-HAR Cable DOUBLE INSULATION under textile braid.
Standard reference: EN 50525-2-11, Low Voltage European Directive N° 2014/35/EU,
IMQ-HAR approval No. A0643, DoP No. 0008.
Diameter: 6,2mm 2x0,75mm² or 6,6mm 3x0,75mm²
The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 50 meters in length.
UL listed 3 cores AWG18 cable is also available

Vertigo cables

These cables are braided with a peculiar pattern that cannot be found in other cables of our assortment. The effect is obtained by mixing coloured and transparent threads hereby resulting in some astonishing effects! Some of these cables are made out of natural fibres such as cotton, jute or linen; others are called “HD” because of their vivid and highly defined colours.

Specifications:

H03VV-F 300/300VAC 2x0,75mm² or 3x0,75mm²
Flex Round IMQ-HAR Cable DOUBLE INSULATION under textile braid
Standard reference: EN 50525-2-11, Low Voltage European Directive No. 2014/35/EU

LARGE SECTION CABLES

Our large section (3x1,50mm²) cables will help you when you require some extra power: multi sockets, power leads, wall installations, extension cables. Choose among the offered styles (round, twisted) for what best serves your purpose: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles.
All of our large section cables are IMQ-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

Large round silk-effect cables

Silk-effect cables have a bright solid finish, which is elegant yet informal.
Shiny as silk, they can bring colour wherever needed.

Specifications:

The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 50 meters in length.
MADE IN ITALY

ROPE CABLES

Covered with soft flock and raw jute in order to increase their diameters, cables can become a nautical rope with various thicknesses, colours and finishes. Inspired by the maritime style, they can create a totally unexpected suspension lamp. Every single product is designed and Made in Italy.

Rope cables

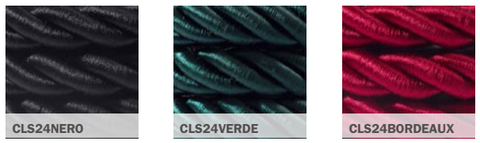
The electrical cable becomes an electrical cord. The double covered electrical cables are covered with soft flocked and raw jute in order to reach a 16mm diameter.
You can use XL electrical cord covered in raw jute to match our new natural wood roses and lamp holders in order to create suspension lamps of great effect.

Specifications:

FRRTX 300/300VAC 3x0,75mm²
Visible Spiral Flexible Cable which is double insulated, under the fabric braid.
Standard reference: Low Voltage European Directive No. 2014/35/EU
Diameter 16, 24 or 30mm.
The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 20 meters in length.
MADE IN ITALY

XL - 16mm

2XL - 24mm



3XL - 30mm

Jute rope cable

This 2XL jute rope cable is featured by a double coating: the round electric cable covered in RN06 jute is enriched by the external coating of the braided jute cord thus reaching a 24mm external diameter. The round cable covered in 2x0.75 RN06 Jute runs inside the cord cover: in this way you can treat the cord like any other cable, without worrying about how to connect it.

CEILING ROSES

COMPONENTS - CEILING ROSES

A ceiling rose is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any home style.

Metal ceiling roses

Among our best selling products, metal ceiling roses are available in 6 finishes. We also created the 2-3-4-5-7 hole versions to create multiple pendants: the side-holes roses can help design a totally customized wall or ceiling light fitting array.
Cable clamps can be made from plastic or metal and have different lengths, for an even more personalised solutions.

Flush-mounted ceiling rose

This wall-mounted ceiling rose combines functionality and aesthetics: thanks to its reduced thickness, it provides a wonderful concealed effect that blends in harmoniously with the design of the room and is compatible with both masonry and plasterboard ceilings and walls.

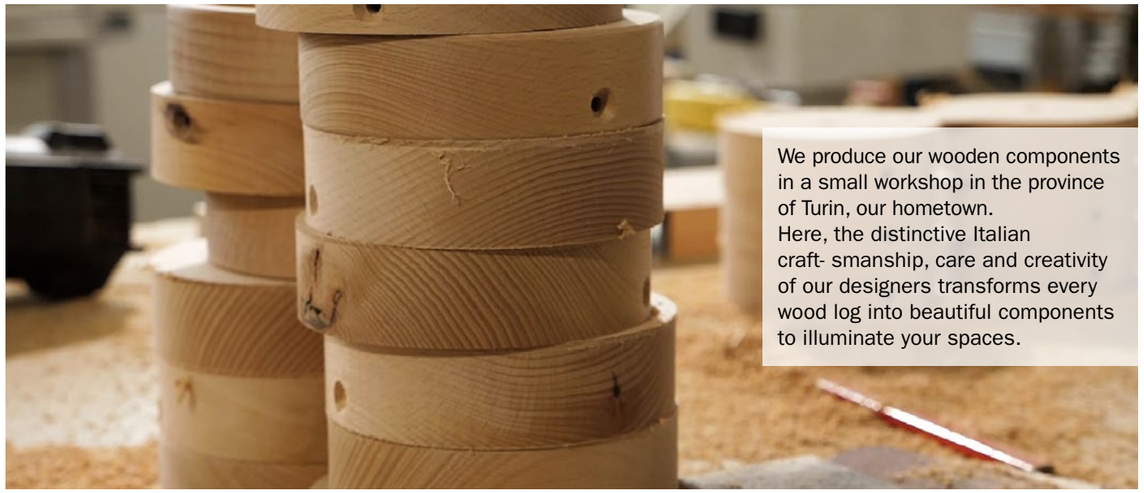
Italian woodworking craftsmanship,
natural simplicity that never goes out of style.



We produce our wooden components in a small workshop in the province of Turin, our hometown.
Here, the distinctive Italian craft- smanship, care and creativity of our designers transforms every wood log into beautiful components to illuminate your spaces.

Wood ceiling roses

We first designed them for our rope cables and offered in three basic colours, but they are so extremely versatile that we've created more options to give you more possibilities to style your interior as you prefer: natural wood can be painted or polished as desired. Each ceiling rose has a matching wooden lamp holder.

P-Light

P-Light is the unique E14 fitting lamp holder kit allowing you to create special lighting solutions with tubular light bulbs. You'll be able to create single or multiple pendant suspensions, perfect to illuminate rooms of different dimensions.
Combine up to 15 pendants by matching P-Light with our selection of decorated Rose-One System XXL ceiling roses or pair it with smaller roses to create the pendant lamp that best matches your interior.
From monochromatic shades up to brushed metal finishes, this little yet functional lamp holder kit is available in a variety of versions. This makes it suitable for different kinds of styles and interior design needs.

UFO UNCONVENTIONAL FLYING OBJECT

The project

We selected 7 famous & promising emerging artists, we chose two of their most representative artworks and we lit them up: this is how the UFO collection - Unconventional Flying Objects was born. 7 double-faced wooden disks, processed and printed in Italy, ready to become a wall or a suspension lamp. Well, actually two: both sides of the disk are illustrated with different designs! Men and women, cactus and pineapples, mandala and azulejos, ice cream and cupcakes, and not to forget fish, dogs and flamingoes: A surprising variety of subjects and colours that create playful, romantic or surreal atmospheres.

UFO Natural and Colour

In addition to the line of illustrated UFOs, there are versions in natural and painted wood. Their minimal a captivating functional design is perfect for those who want to recreate a modern and Scandinavian style of furniture. Natural wood can be painted or varnished to suit your needs and your creative projects, while the painted version is distinguished by a palette of pastel colours, from the brightest to the most delicate, perfect for children's room, modern living rooms or kitchens.

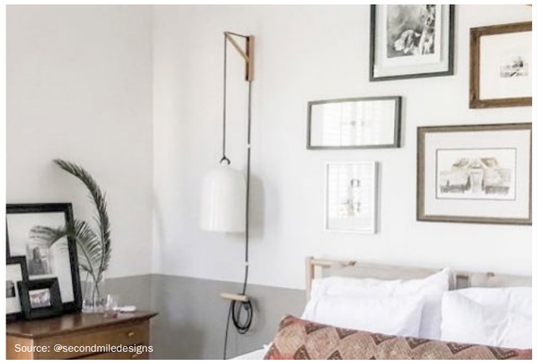
ACCESSORIES AND FIXTURES

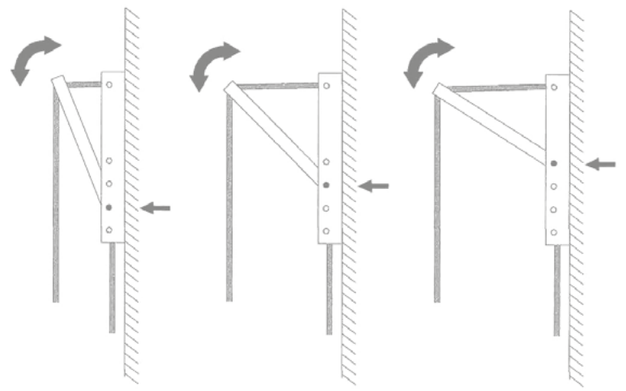
ACCESSORIES

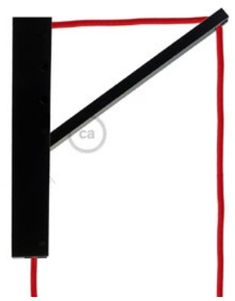
Small things can make a difference: among our accessories you will find all the special components which can make your lamp 100% unique.

Pinocchio

Pinocchio is Creative Cables adjustable wall mount for pendant lamp: it is made in Italy out of 100% beachtree wood and it can be polished or painted as desired.
The cable doesn’t go through any holes, it is wrapped around ridged wooden supports at each end:
we strongly recommend you to use it with Snake, Snake for lampshades and SnakeBis.
Pinocchio makes it possible to hang a lamp onto a wall, even with a lampshade with a 50cm maximum diameter and a 3,365 kg maximum weight.







SSTLN02

SSTLN03

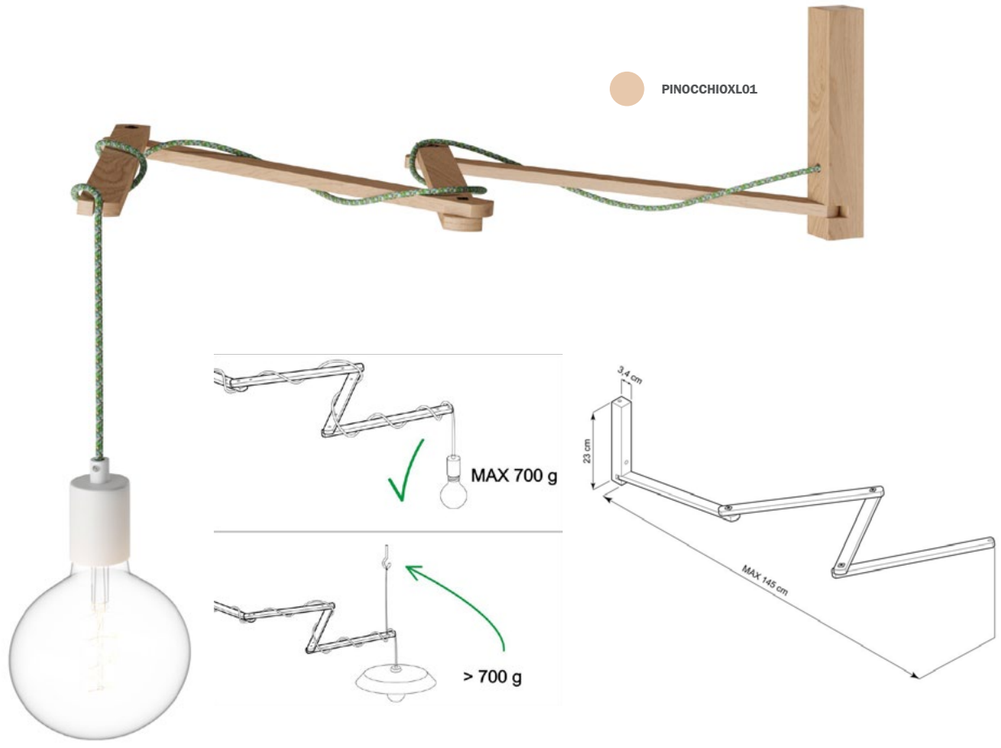
SSTLN01

Pinocchio can also be adjusted at three different heights.

Pinocchio XL

Pinocchio XL is not a simple wall bracket! It is Creative-Cables' solution to hang your lamp where you need it, allowing you to adjust the distance and the position of the light source from the wall. Thanks to the groove in the last rod, the cable remains locked in a safe position.
Made (in Italy!) from untreated beechwood, it can be impregnated or painted with the colour you want. And if you wish to add a lampshade, you can complete your installation with the ceiling brackets included in the kit.

Source: @Sabine Betemps



ZIGH-ZAGH

Zigh-Zagh is the ceiling support that allows you to create original pendant lamps, adapting both the shape and the length to every situation. Made in Italy, it can also be impregnated or painted with whichever colour you like. Included in the kit is a thin transparent thread and the ceiling hooks needed to hang up your creation.

Rolè

The Rolé wooden cable tie is an ideal wall fixture for creating beautiful wall lighting solutions in your indoor spaces. It can be used to decentralise the fall of a pendant lamp, or, thanks to the use of many cable ties in a sequence, by stretching the electric cable from one to the other, you can draw on your walls to design creative installations... and why not, you can use Rolé as a coat rack!
Rolé is made of 100% Italian-made wood and is available in two different finishes: beechwood and wenge-effect ash wood.

Ø 40mm, H 100mm

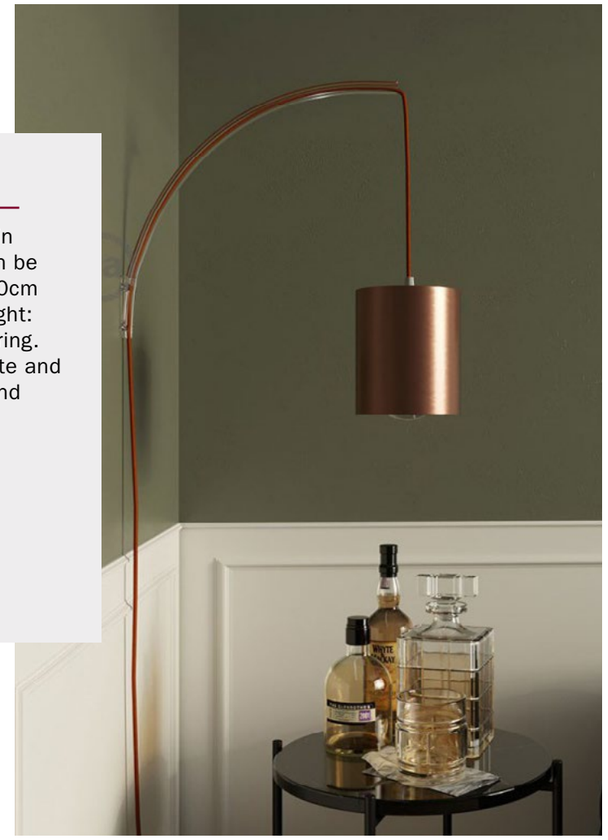
KPASL04

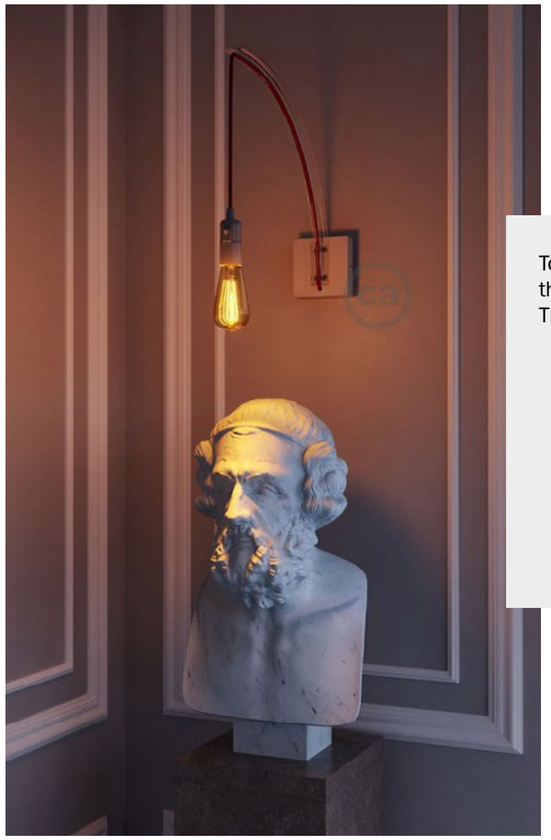
KPASL01

Archet(To)

Archet(To) is Creative-Cables patented and Made in Italy solution to create a suspended lamp that can be hung onto a wall, even with a lampshade with a 70cm maximum diameter and a 3,365 kg maximum weight: Archet(To) bends according to the weight it is bearing. it has a light structure in transparent polycarbonate and can be used with Snake, Snake for lampshades and SnakeBis.

ARCHETTO





To mount Archet(To) on a wall lightpoint, you may want to use the designated bases in natural and made-in-Italy wood.
The bases can be polished or painted as desired.

KRLQARC

KRLQARC02

KRLQARC03

Cable Clamps

Cable Clamps are not just a safety feature: they can actually be beautiful and decorative! The metal cable clamps are available in standard size (1,7cm) and XL size (7cm and 15cm).

Wooden feet Kit - table lamp support

These beechwood feet made in Italy have a supporting purpose, allowing you to transform a lampshade into a table lamp base. They are equipped with double-sided adhesive tape to secure the lampshade and felt pads on the underside to ensure protection and adherence to the supporting surface.
The wooden feet are available in different finishes to allow for a pleasant harmonious effect of your installation.

THE EXTRA IDEA
Transform one of our ceramic lampshades from the Materia collection into a table lamp base, add a fabric lampshade and a SnakeBis wiring kit:
getting a 100% Made in Italy customized lamp it's easier with this Wooden feet kit!

See page 130 Materia Collection

Taché, light bulb support

Taché, in Piedmontese means "to attach" or "to fix": our Taché is a support for light bulbs that allows you to transform a Globe 125 into an original table lamp. Designer Fabrizio Alessio has imagined to adapt William Middlebrook's idea (the paper clip) to the world of lighting, by drawing from its elegance and simplicity: just as the paper clip staples sheets of paper, Taché's super-light structure can staple the globe of any G125 bulb, leaving it suspended and in view. The Taché consists of two mirrored arms with an aluminium wire frame covered with a braid made from the fabric of our cables and two elegant Made in Italy wooden feet.
As well as a decorative function, the covering sleeve protects the bulb's surface.

COMPONENT OR LAMP?
Tachè can be purchased as is or completed with one of our SnakeBis plug-in lamps to create a practical, modern and creative table lamp.

MINI-UFO - REVERSIBLE WOODEN DISK FOR POSALUCE

Customizing your wooden Posaluce table lamp is easier with MINI UFO!
2 collections and numerous designs to create the unique table lamp. Perfect to decorate your room or as a gift: you just have to place the MINI-UFO over the central element of the Posaluce and add a light bulb. MINI UFOs are made of poplar wood and are reversible: you can choose which side you want to show and change it anytime you want! Processed and printed in Italy.

MINI-UFO READING BALLSH*T

The Reading Ballsh*t collection states ironically the most common lies told by readers, illustrated in the unmistakable style of Lepalle.it: the collection is dedicated to readers, who are known to be the finest and snobbiest liars.
Quotes are available both in English and in Italian: choose from the 4 available options the one that better suits your bookworm spirit!

MINI-UFO PEMBERLYBOND

Pemberley Pond is the name of the duo which illustrated the cover of “Goodnight Stories for Rebel Girls”, one of the most successful children’s books of recent years. Thanks to their unmistakable calligraphic style, 8 quotes inspired by the pleasure of reading have become 4 double-faced MINI-UFOs: they all share a playful and naive style and are ideal in the room of baby readers, to illuminate their first books and accompany them in the pleasure of reading.

ELECTRICITY

Every electrical accessory you can think of to create your own personal design: plugs, sockets, switches, dimmers, and much more.
All certified to the strictest Italian and European safety standards.

Switches designed by Achille Castiglioni

The legendary 450, produced by the then VLM of Buccinasco, was born more than 50 years ago from the pencil of one of the greatest protagonists of Italian design, winner of nine Golden Compasses.

The sound of the operating ‘click’ has entered the collective imagination of every person since, as this small amazing object has been produced more than 25 million times.

But 450 isn’t the only switch designed by Achille and Pier Giacomo Castiglioni: there are two “big brothers” designed for floor and table lamps: the 661 and the 662.

LAMPS

AT CREATIVE-CABLES BUYING A LAMP TAKES ON A WHOLE NEW MEANING

At Creative-Cables, lamps can take many shapes and styles in order to adapt to everyone's needs.
Here's how to turn your projects into reality:

LAMPS DESIGNED BY US

In our assortment you will find a numerous of options that we've designed for you.
You just need to choose the model, the finish and receive it directly where you need it in a few days. You can decide either to receive it already mounted or in a DIY kit!

PERSONALIZE ANY DESIGN

Personalizing a Creative-Cables lamp means adapting any of the components to your specific needs: from changing their colors to extending its length as you may need it.
Each personalization is free of charge!

DESIGN YOUR OWN LAMP

Use the lamp configurators available on our website to mix and match the components and create the lamp you desire to have.
You can decide either to receive it already mounted or in DIY kit!

Have a look at the following pages to get some inspiration!
And, if you need any help our Customer Service is always at your disposal.

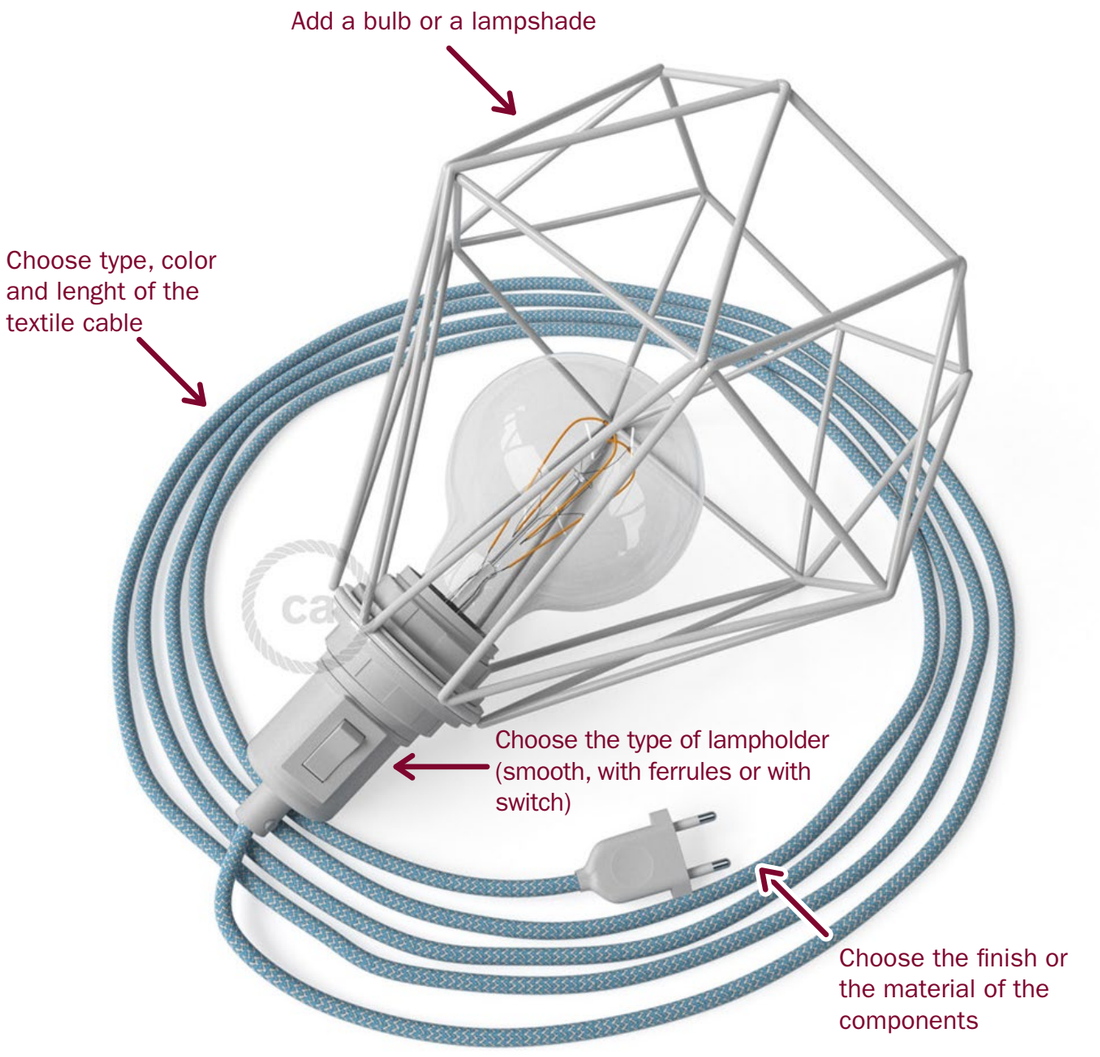
PLUG-IN LAMPS



CEILING AND WALL LAMPS

Match the bulb that you prefer or add a lampshade

Choose the finish or the material of the components

Add an extension pipe or a pivot junction if you need it

ABOUT US

Creative-Cables

Creative Cables was founded in 2013, fuelled by a combination of the textile tradition of Turin, Italian passion for interior design and the contemporary conviction that made-to-measure is the new luxury. Still at the heart of our mission, these elements have taken us beyond fabric/textile cables and to develop a “toolbox” to allow consumers and professionals alike to bring their lighting dreams to life either by customizing ready-to-use products in our catalogue or sourcing components to build from scratch. Creative-Cables has placed the lighting world on its head by eliminating the concept of “standard”, be it in terms of lengths, color, combinations, or simply the setup of your lamp and instead substituted it with “choice” and the idea of “Your Light Style”, so you choose!

In a relative short period Creative-Cables has developed an online presence that stretches across 20+ countries, 4 continents and it’s own retail network of Flagship stores in 6 countries. We also serve the professional market via a dedicated B2B division with a dedicated account management team and website, with local presences in Italy, UK, Spain and USA.

REASONS TO BECOME A B2B CUSTOMER

Choice

We offer hundreds of IMQ-HAR or UL certified cables made in Italy, complemented by a variety of lighting accessories and high-quality light bulbs that can generate thousands of combinations.
Our assortment is regularly reviewed to set or match current lighting trends.

Assembly

We can assemble and certify almost any of our products together to create your desired ready-to-use lamps that only need to be positioned and switched on. Simply nominate the components you need and contact us to receive the best quotes available complete with volume breaks for larger quantities. The more you buy, the more you save.

Customization

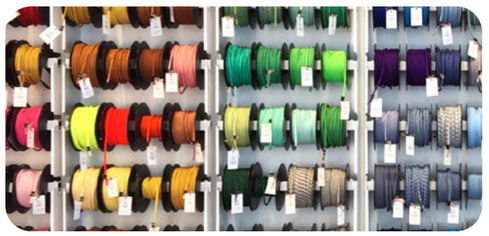
Anything can be possible at Creative-Cables. We like to explore your ideas and encourage your creativity: if what you want is feasible, we can make it happen. We are the producer, so ask us if we can create what you need.

Service

Our B2B website is active 24/7: In addition, each B2B customer receives dedicated support from a qualified account manager who can assist you throughout the process before, during and after the sale.

Logistics

B2B orders of any size can be prepared within 5 working days, 80% of our orders are dispatched within 48 hours.
We have mastered our efficiency to allow you to receive what you need when you need it. For special customized products or assemblies, we can advise approximate lead times to ensure you have all the information you need to plan accordingly.



Point of sale materials

We have boxed products and sample displays cases. Corners Display Panels are the solution to display a wide selection of products in your store or showroom to maximize sales by properly expressing the idea of possibilities of light installations that can be obtained with Creatives Cables components.

Shop Corners

A selection of our best sellers hanging directly on your shop's wall.

CORNER CLASSIC

CORNER120CLASSICV2

CORNER URBAN

CORNER120URBANV2
L 120cm, H 240cm, D 30cm

ADVANTAGES OF CREATIVE CABLES SHOP CORNERS

1

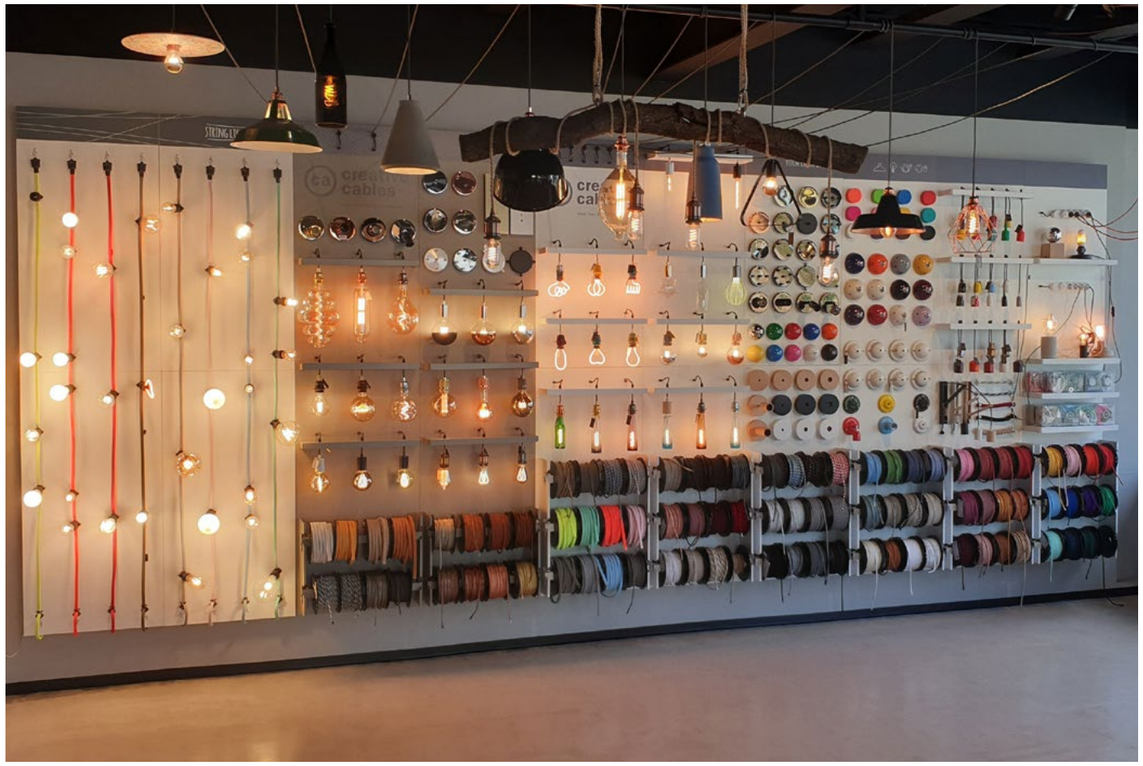
DISPLAY AND SALES MADE EASY
A 120cm ready to use wall unit that brings together a selection of Creative-Cables best selling components and lamps.
The Creative Cables Toolbox and the mix-and-match spirit at a glance.

2

VISIBILTY AND SERVICE
All retailers with a Creative Cables Shop Corners are identified with a premium “corner” identifier on the Creative Cables retail map and furthermore are given priority in order preparation

3

BUSINESS MODEL
Shop Corners are provided on “loan-to-use” basis against a minimum order amount and furthermore shop corner customers gain a fixed discount on all future orders. Contact our B2B salesteam for more information.



Creative Box

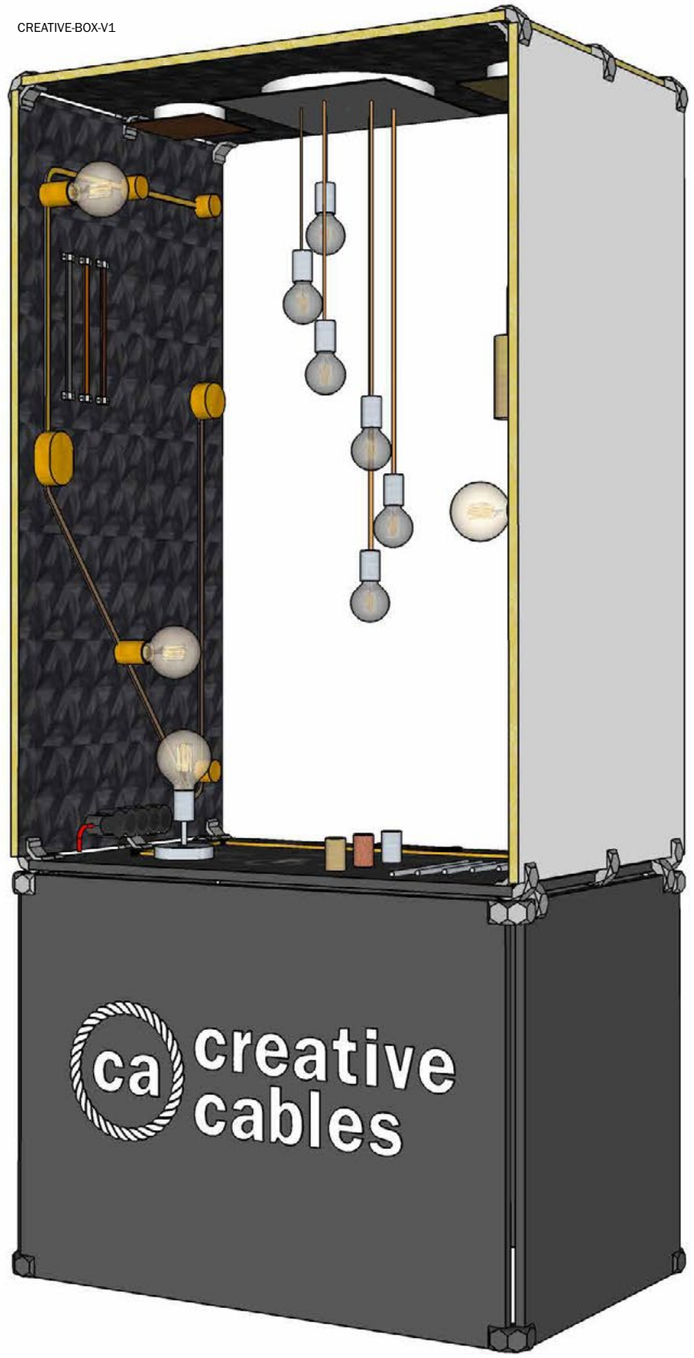
Easy for the customer to SEE, simple for the shopkeeper to SELL.

CREATIVE-BOX VER. I - ELEGANCE

The Creative-Box Elegance

Focuses on the elegance yet simplicity of metal brushed finishes. Declining this style in 4 product families:
a 6-pendant ceiling lamp, 4 wall lights, a table lamp and the Filè System for walls and ceilings.
The Creative-Box focuses on these 4 product families, illustrating the different finishes and how these can be customised with a few, finite choices (different colours of cable, heights of the table lamp and finishes of the lampholder) all on show within the Creative-Box.

CREATIVE-BOX-V1



CREATIVE-BOX-V1
L 115cm, H 235cm, D 75cm

CREATIVE-BOX VER. 2 - OUTDOOR

The Creative-Box - creative box outdoor

The Creative-Box focuses on our outdoor lighting solutions:
Featuring EIVA, the world's first IP65 waterproof wireable lamp holder, and the cool collection of outdoor decorative lighting it powers.
Lumet, the festoon string lighting installation that allows you to hang the lights where you need them and populate with the stylish E27 light bulbs of your choice.

CREATIVE-BOX-V2
L 115cm, H 235cm, D 75cm

ADVANTAGES OF CREATIVE BOXES

1

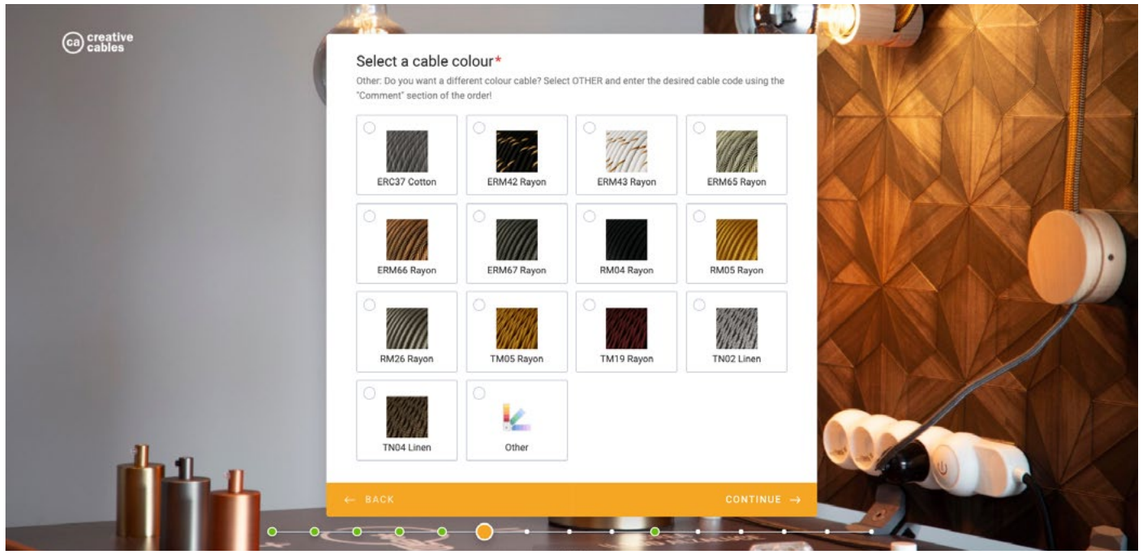
STANDALONE IN-SHOP DISPLAY
The Creative-Box puts a specific style or mood from the Creative-Cables catalogue on show in a stylish 115cm x 75cm x 235cm self-contained box.

2

ORDER CONFIGURATOR
Creative Boxes come with an intuitive configurator that runs on a mobile phone or tablet allowing the shopkeeper to complete the sale with the customer, on the spot. The configurator quickly gives the customer a price for any variations desired in a matter of a few clicks.

3

NO NEED TO HOLD STOCK
Place the order with the customer, we prepare and send so the customer can pick up at the retail point within a few days.



Eiva Mini Creative Box - Counter display unit

A tool that will make it easier for the customer to choose and for the retailer to sell. Despite its small size, the display unit contains all the components of our Eiva outdoor lighting system: the two Pastel or Elegant lines, the 8 silicone finishes available, the selection of Creative Cables cables for outdoor use and the innovative lamp holder patented by Creative Cables. The display unit is shipped pre-assembled, thereby avoiding the hassle of having to follow any assembly instructions. Just open the box to display it and start selling! Contact your local B2B sales team to find out how to get an EIVA Mini Creative Box with your next order.

MCB-EIVA
L 410mm, H 505mm, D 305mm

OTHER DISPLAY SOLUTIONS

SCAESPEXP01
L 45cm, H 32cm, D 6cm

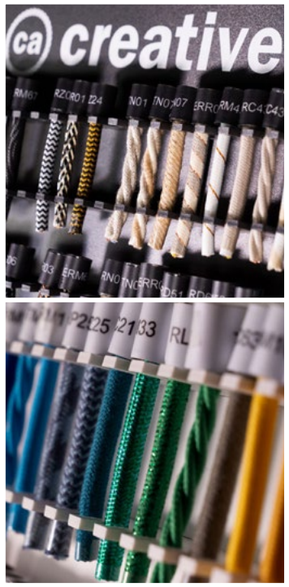
Cable Display Case

The eco-friendly leather suitcase for exhibiting the fabric cables samples of Creative-Cables.
An elegant and practical way to present our vast range of colours and fabrics to your customers.

Each cable is labeled and can be extracted from the case: making it a useful helper when it comes to sales, but also an attractive piece to exhibit in your shop!

Counter-top or wall cable display

232 Textile cable colours displayed in colour scale in the space of one metre: thanks to this new display you will have a highly effective tool at your fingertips to help your customers find the right cable for their unique projects.
Made of expanded pvc for resistance, the new display has a simple and elegant design and can be used as a stand or installed on the wall. Choose between the white or black version, both personalised with the Creative Cables logo. All samples are supplied with clearly legible labels to make it easier to identify the specific cable and place an order. The way the cable is inserted and extracted from its slot is even easier, thus extending the life of the individual samples.



KESPPNLBI
KESPPNLNE

L 50cm, H 40cm, D 9/19cm

ESP8REEL
L 62cm, H 23cm, D 11cm

Reel Display Kit

The Reel Display Kit is a simple and elegant solution for displaying Creative-Cables cables on a wall.
Each kit consists of 2 lateral leg loops with logo and 2 bars, to easily exhibit up to 8 reels of cable.
The cable reels are not included, but are supplied by default with the purchase of 50 meters of lighting cable and 25 meters of cable for string lighting cables (or relative multiples).
